Homes Built
6 apartments for rent

Total Scheme Cost
£895,215

Total Grant
£210,000

Housing Needs Met
The intermediate market unable to access open market accommodation or traditional affordable rented

The Aim of the Development

To provide intermediate market rented accommodation to meet a growing demand within the borough of Poole.

The Scheme

The scheme is a block of 6 apartments for rent on an intermediate market rent basis to local people. All the apartments are two bedroom. The scheme is located in the heart of Poole town centre, close to amenities including public transport, employment opportunities and shopping.

Key Features

The development incorporates photovoltaic solar panels. The architectural design reflects the traditional vernacular of the area with tall, narrow elevations and twin pitched roof.

Completion Date

18 September 2009
